## Respect, Community, Excellence, Equality and Care

By Charlie Dunleavy, 6<sup>th</sup> Class, Brannoxtown CNS

The essence of **Respect**,  
Is quite a common thing,  
In every little corner,  
Respect shall always ring.

**Community's** essential,  
To create a basic bond,  
Between students and their teachers, So  
connections can grow fond.

**Excellence** helps people,  
To try their very best,  
Provides them with the training,  
And provides them with the zest.

It is of course important,  
To give people what they need,  
To show we are all **Equal**,  
Like the ETBI creed!

It is in fact a rule,  
For students to show **Care**,  
To other students, to themselves,  
And people everywhere.

All of these core values,  
Implanted in our being,  
Help us make the right choices,  
And ameliorate **our wellbeing!**
